

GEMINI™ VALLEY MITERS & DRAIN SUMPS

Atlas Gemini™ Pre-Cut Valley Miters are an efficient solution for field fabricating 8' × 8' and 16' × 16' drain sumps. Gemini™ Pre-Cut Valley Miters are available in a variety of slopes and thicknesses to provide positive slope toward an internal roof drain or through-wall scupper.

Gemini™ MTR
Pre-Cut Miter

- Reduced Jobsite Waste
- One-Piece Pre-Fabricated Tapered Panel
